

NPA 57/15
SUBJECT: AP0096 Injector Removal Tool
August 5, 2015

Alliant Power is pleased to announce the release of **AP0096** Injector Removal Tool. Alliant Power recommends using this tool during the removal of the Ford® 6.7L Power Stroke® Injector. This specialized tool provides a cost effective alternative to the OEM and prevents potential damage to the injector.

All new products are backed with Alliant Power's 13-month, unlimited mileage warranty, as well as Alliant Power's professional technical support.
