SUBJECT: Racor® Fuel and Oil Filters for 6.0 L Engines

March 19, 2009

Providing 6.0 L Power Stroke® engines with a clean, uninterrupted supply of fuel and clean lubrication oil will ensure their trouble-free and long lasting operation. Given this information, what's the first step to ensuring clean fuel and oil for your Power Stroke customers? This [Motorcraft video](#) makes a strong case for using genuine OEM filters.

Since Racor is the OEM supplier for Motorcraft® 6.0 L and 6.4 L Power Stroke fuel and oil filters, you can assure your customers they're getting OEM quality filters when you sell or install the following filters:

YEAR RANGE	APPLICATION	OIL FILTER	FUEL FILTER	FUEL FILTER DESCRIPTION
2003–2007	6.0 L Power Stroke F Serie & Excursion	PFL2016	PFF4604	Primary and Secondary Kit
2004–2009	6.0 L Power Stroke E Series	PFL2016	PFF4606	
2007–2009	6.4 L Power Stroke F Series	PFL2016	PFF5550
