

ALLIANT POWER OFFERS VISCIOUS ELECTRIC WATER PUMP

FOR DETROIT DD13 & DD15 ENGINES

Part Number	Description	Engine Manufacturer	Engine Model	OEM Cross Reference	
AP63509	Electro-Viscous Water Pump	Detroit / Mercedes	DD13 & DD15	DDE RA4722002001 DDE EA4722002001 RA4712001601 EA4722001601	EA4722000701 EA4712000901 EA4722000701

EVERY KIT CONTAINS:

- 1 Viscous Electric Water Pump
- 1 Water Pump Mounting Gasket
- 1 New Pump Speed Sensor

FEATURES & BENEFITS:

- Pump has been optimized through CFD simulation to ensure optimal performance, cooling and reliability
- Produced and assembled in a QS9000 facility from an OE Manufacturer
- Premium plastic impeller for optimal flow, durability and rotational mass
- Product has undergone stringent testing to ensure reliability and longevity
- Each unit is end of line tested to ensure functionality
